### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source. It is expressly understood and made a condition of this permit that diversion of water by the applicant shall cease immediately upon notification from the State Engineer that a shortage of water exists in the source herein described. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Two (2.0) cubic feet per second.

Actual construction work shall begin on or before June 24, 1917.

Proof of commencement of work shall be filed before July 24, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before June 24, 1919.

Application of water to beneficial use shall be made on or before June 24, 1922. Proof of the application of water to beneficial

use must be filed with State Engineer on or before July 24, 1922.

Proof of labor filed JUL 22 1917

WITNESS MY HAND AND SEAL this 24th, day

Map filed OCT 23 1917

of April, 1917.

Proof of completion of work filed JUL 11 1919

Proof of beneficial use filed JUL 11 1919
